ANNOUNCEMENTS.

We are authorized to announce William J. Harris as a candidate for election to the office of Sheriff of Marion County, subject to the will of the people. Election in August, 1904.

We are authorized to announce Dan T. Thack as a candidate for trustee of Marion County, subject to the action of the republican party of the county.

We are authorized to announce R. S. O'Neal, of Whitwell, as a candidate for the office of Sheriff of Marion County at the election to be held in August, subject to the action of the democratic party.

A correspondent writes: "What do you think about your town entertaining again Marion county's Teachers' Institute. I wish we might have the institute again in the valley instead of at Montegale. There is nothing the matter with holding the institute here again. We have a fine Town Hall which would be given the use of the teachers, a central location in the county and we suppose we have as hospitable citizens as any in the county. The dose, however, the teachers had of this place some years ago seems to put a quietus on any attempt to hold the Institute here again, although several attempts have been made to do so. We were of the opinion that Sequachee did the best in its power to entertain the teachers but their conduct in strenuously avoiding the place would seem to indicate to the contrary. We hope this Montegale fad will play out like other fads, and that the Marion County teachers' Institute will be held, as it ought to be, at some central point in the county. We do not wish to urge the teachers to come here if they do not want to, although if they should we would make every effort to make their stay pleasant and agreeable."

THE DUNLAP TRIBUNE SAYS: "We want no Cleveland in our town." Preceding that it says: "Bate or McMillin—which?" Seeing that the esteemed Tribune has thus disposed of Hon. Cleveland, it should be able to perform the same office for Col. McMillin.

THE STATESMAN-DEMOCRAT has dropped county politics to engage in national politics. The Statesman-Democrat seems to have gotten into the rear in county politics.

Mrs. GRUNDY, of Tracy City, suggests that a great many of the railroads planned for this section be long to the Salt River Transportation Co., and we guess the old lady is about right.

At what pleasure it was to see the pink peach blossom unfold to view. Won't we have a fine time eating peaches—next year or the year after, etc.

A boom cannot be judged by five families moving into a town. They have been known to move out.

It now looks as if the Tennessee River would be dammed as it was never dammed before.

Mr. GROUNDHOG must have gone back into his hole for six months instead of six weeks.

The improvement of the Town Hall needs your assistance. Can you give it?

The excursion to Pikeville last night was patronized only by millionaires.

For varied dreams and disappointed hopes this section leads the way.

IN GOVERNMENT SERVICE.

Prof. A. S. Callahan Now Post Office Clerk at San Antonio.

The following letter from Prof. A. S. Callahan, of San Antonio, Tex., may be of interest to his many friends in this valley. Prof. Callahan was principal of the New Hope school, near Sunnyside, Sequachee County, for two terms, and made an excellent record as an educator. He has been in Texas nearly two years going from Sunnyside to Mission Valley to accept a position as principal of the high school there. His friends are delighted to learn of his continued success.

San Antonio, Tex., April 10, 1904. "After a very long delay I will write you just a few lines as I have a few moments of spare time. I am now enjoying excellent health, and have been nearly all the time since I came here, except fever last summer.

Well, I had finished my second school in this state very satisfactorily, and without losing a day. I took up a three months school and was just getting well organized and started in the work when I received a government civil service appointment as clerk in the postoffice at San Antonio. I resigned my school, made my bond, and entered upon my new duties as clerk the first of April. It starts with the low salary of six hundred dollars a year, but is likely to be increased to nine hundred dollars the first year. The school work was paying me a better salary, but I thought it best to accept the more permanent position with the government, as it lasts for life. However, I had splendid opportunities in the schools of Texas, as I had secured a first grade state certificate, and men teachers here of first grade qualifications are rather scarce and command good salaries. I may resign after a while and go back to the school work, for I still love school work.

"Please remember me kindly to all of my friends, and tell them to write to me even if I do not have time to write to them."
